

All About Me!

Using words, graphics, designs, images, phrases, pictures...crayons, markers, ink, printers, magazines, photographs, other art supplies...carefully and creatively design a “picture” of YOU that will help our entire team know you better. Your work will be hung up for all to see, so make it something that helps you feel proud.

Your card must possess the following features:

- *Your first and last name
- One word that best describes you
- One or two things you do well
- *Something you feel passionate about
- *People who inspire you
- A specific frame that encompasses your “picture”
